Albert Li

Albert Li

What skills or knowledge did you learn or improve from this instructor?

Way more than I expected. Even though Dr. Towles covers so much information in class, Albert takes it a step further and goes in depth on the nuances of small decisions that have big implications.

Albert Li

What aspects of this instructor's teaching were most helpful to you? (Please type one idea in each box below.)
Aspect 1:

Albert's responses on Piazza were extraordinary. I've never had a TA who went into so much detail to answer questions. Albert seems to genuinely care about helping students understand the material and solve their questions, and will stop at nothing to see their problems resolved.

Aspect 2: Feedback on homework and essays from Albert is extremely detailed. While it's so simple to just say "x was wrong because of y," Albert took it a step further and truly went into depth to try and explain the exact lines of reasoning leading up to the error, rather than throwing us the correct solution and telling us to figure it out ourselves.
